Dathak wishes you...

An inner smile when it should not be seen.

Awareness in all things and informed choices.

10 tons of CO2 equivalent represent :

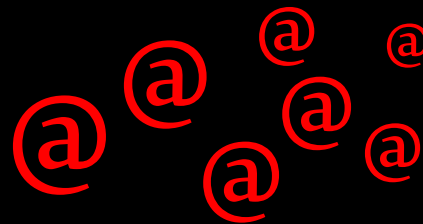

My professional air travels in 2014

24 flights for an estimated total of 9.9 t CO2eq (based on Air France and Travelnav calculators)

The average annual emission of one person in France in 2012

10.1 t CO2eq (Carbone4)

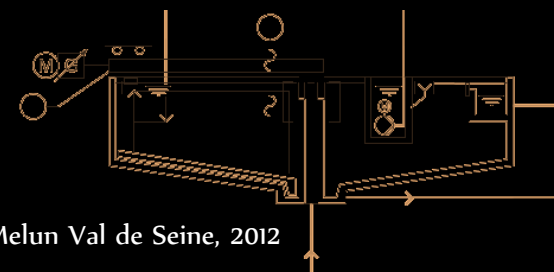

2,000,000 emails

1 email ~ 5 g CO2eq adapted from ADEME, 2011

The annual wastewater treatment for 300 people

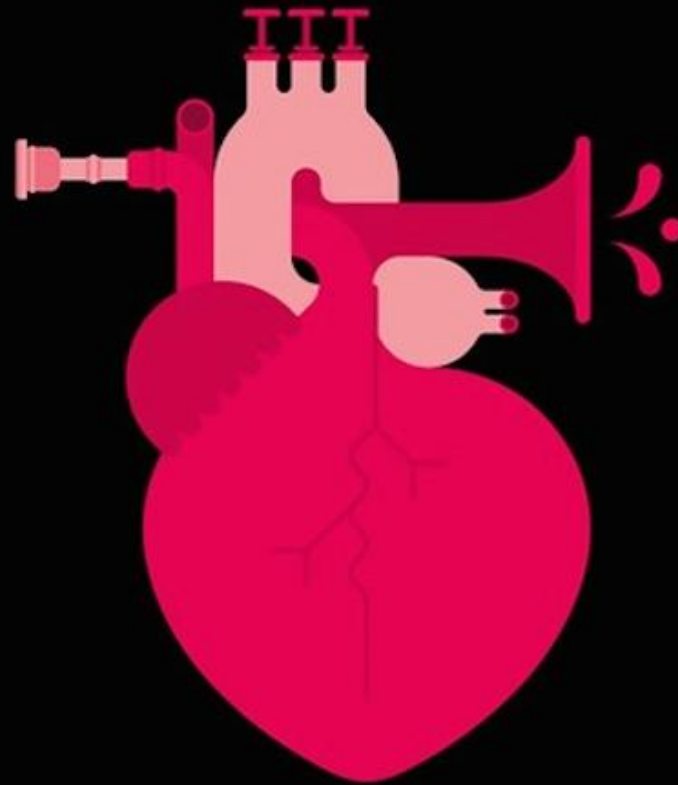

36 kg CO2eq per inhabitant, adapted from Veolia - Communauté d'Agglomération de Melun Val de Seine, 2012

A poetic mixture of renewable fuel, oxygen, heat and robust engineering.

And hearty musical emotions!

**YOUR HEARTBEAT
MIMICS THE MUSIC
YOU LISTEN TO**

Water & Wastewater Expertise
